

Says

What have we heard them say?
What can we imagine them saying?

Thinks
What are their wants, needs, hopes, and dreams?

What other thoughts might influence their behavior?

India 's

agricultural

our country

India's agricultural

project will help us

to understanding

the need of

agriculture

Project will help

us to understand

economical level

This project

help us to the

our country to

the next level

improvement of

This project was very important to our youngers

to know the value of the formers

to knowing all the things about agriculture

Vishwanathan

help us to know the value of the formers

Help to improve the agriculture

this help us to knowing all the things about agriculture

It is nice to work like these project

All are to know the agri crops

help us to the improvement of our country to the next level

Does

What behavior have we observed? What can we imagine them doing?

What are their fears, frustrations, and anxieties? What other feelings might influence their behavior?
